**Lighting Conversion on Aerial Lift Bridge Continues**

[Duluth, MN] Due to work being done to change out high-pressure sodium lights to LED lights on the Aerial Lift Bridge, the overall structure will not be lit tonight, March 25. Sidewalk and roadway lighting will still be on. Pedestrians and roadway traffic will not be affected by this change. Shipping traffic will also not be affected. The City will light the structure at full capacity as soon as they are able.

The bridges west sidewalk remains closed for repairs. However, the east sidewalk is open for pedestrian traffic.
